CALTRANS CONSTRUCTS NEW ROAD AND MORE ON NIKKI WAY AND THIRD STREET

Riverside - The California Department of Transportation (Caltrans) will perform work consisting of drainage, gutter and curb construction, raising the profile of Third Street, and reconstructing the driveway into the Interchange Business Park located at Nikki Way and Third Street. Motorists will be shifted to the opposite side of the newly constructed Third Street, away from the business park. Access to the business park from Third Street will be prohibited; however, it will still be possible to enter the business park from Linden Street. The on and off ramps to and from the I-215 will remain open.

The work will begin on May 12, 2006 and last for approximately two months with the construction time being approximately 6:00 a.m. to 3:00 p.m., Monday through Friday. It is anticipated, four weeks into the work the parking lot at the west end of the business park will be closed to all vehicles. While the parking lot will not be under construction, the lot cannot be used due to the phase of construction at the entrance of Nikki Way and Third Street.

Caltrans would like to thank motorists for their continued patience and support during the many related projects occurring in relation to the 60/91/215 project. Caltrans asks all motorists to please be aware of the construction area and always make a point to

SLOW FOR THE CONE ZONE.
